

Tidewater Chapter News

September 2009

Guest Speaker

Colonel Daniel Johnson

Colonel Dan Johnson is the Commander of the 480th Intelligence, Surveillance and Reconnaissance (ISR) Wing, Langley AFB, Va. He directs the worldwide operations of five ISR groups supporting five Numbered Air Force commanders. Colonel Johnson is responsible for more than 4,100 personnel and a total enterprise valued at more than \$5 billion.

Col Johnson provided a great overview of the ISR mission and the dynamic role communications and information play in supporting it. The collection, exploitation and dissemination of time-sensitive ISR information would not be possible without the close-knit bond formed with the C&I community.

Chapter President Mr. Bill Marion presents Col Johnson a polo shirt for his presentation at the September luncheon.

Chapter Events

The September luncheon was a special event for the chapter. We were honored to have eight of the chapter's past presidents as our special guest.
